

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (“Settlement Agreement”) is entered into by the People of the State of California, acting through the California Department of Justice, Office of the Attorney General (the “AGO”) and the California State Water Resources Control Board (the “SWRCB”) (collectively referred to as “California”); qui tam plaintiff American Cost Recovery Management, LLC (“ACRM”); and Chevron Corporation, Chevron U.S.A. Inc., Chevron Products Company, Chevron Environmental Management Company, Texaco Inc., Texaco Downstream Properties Inc., TRMI-H LLC, Getty Oil Company, Gulf Refining Company, Unocal Corporation, and Union Oil Company of California d.b.a. Unocal (collectively referred to as “Chevron”). This Settlement Agreement shall be effective as of June 1, 2014 (the “Effective Date”). The entities entering into this Settlement Agreement are at times referred to individually as a “party” and collectively as the “Parties.”

I. RECITALS

A. WHEREAS, since the inception of the California Underground Storage Tank Cleanup Fund (the “Fund” or “UST Fund”) in 1989, Chevron submitted applications and certifications for reimbursement for expenses associated with Chevron’s cleanup of petroleum from leaking underground storage tanks (“USTs”) at properties throughout California (“UST Fund Claims”). Attachment A contains a list of UST Fund Claims, which includes a comprehensive list of Chevron’s UST Fund Claims and other UST Fund Claims in which Chevron may have received reimbursements.

B. WHEREAS, the UST Fund is operated under the direction of the SWRCB’s Division of Financial Assistance.

C. WHEREAS, the Fund reviewed and deemed eligible numerous of Chevron's applications in accordance with Fund regulations and reimbursed Chevron for expenses associated with the cleanup of petroleum from leaking USTs at sites in California.

D. WHEREAS, on April 6, 2010, ACRM filed a complaint in Sacramento Superior Court, captioned *American Cost Recovery Management, LLC v. Chevron Corp., et al.*, case no. 34-2010-00074603 (the "Complaint"), that asserted a cause of action for damages and penalties on behalf of California under the California False Claims Act.

E. WHEREAS, ACRM alleges that (i) when Chevron submitted applications and invoices for reimbursement to the Fund for its UST Fund Claims, Chevron failed to report or disclose to the Fund that Chevron had received proceeds from a series of insurance claims, litigation and settlements relating to cleanup of petroleum from leaking USTs at sites in California; (ii) Chevron's UST Fund Claims were therefore not eligible for reimbursements from the Fund; and (iii) Chevron should have repaid to the UST Fund the payments it received from the UST Fund for certain California UST sites.

F. WHEREAS, ACRM alleges that Chevron failed to report or disclose to the Fund information regarding the existence of its garage liability insurance policies, comprehensive general liability insurance policies, property damage insurance policies, pollution liability insurance policies, excess insurance policies, mutual insurance policies, and captive insurance policies (collectively "Insurance Policies"), as well as Chevron's insurance claims, litigation and settlements. ACRM alleges that those failures constitute violations of the California False Claims Act and, therefore, Chevron is liable for treble damages, penalties, attorneys' fees, costs, and interest to which California is entitled by law.

G. WHEREAS, Chevron denies the allegations of false submissions of UST Fund Claims contained in the Complaint and contends that it fully and accurately reported and disclosed to the Fund information regarding the existence of Insurance Policies, insurance claims, litigation and settlements relating to cleanup of petroleum from leaking USTs at sites in California.

H. WHEREAS, following the filing of ACRM's complaint, the AGO commenced an investigation into whether Chevron had received proceeds for expenses associated with the cleanup of petroleum from leaking USTs at sites in California from the following sources: (i) the 1996 Environmental Claims Settlement Report ("omnibus claim") sent by Chevron to its insurers regarding environmental liabilities throughout North America; (ii) insurance coverage claims and litigation filed by Texaco in the 1990's, including *Four Star Oil & Gas Co. et al. v. Allianz Insurance Co. et al.*, California Superior Court, Los Angeles County Case No. BC 036994 ("*Four Star* Litigation"); (iii) insurance coverage claims and litigation between Union Oil and its insurers asserted or filed before June 2005, including the *Union Oil Consol. Coverage Cases*, California Superior Court, Los Angeles County Case No. BC 271474 (consolidated with California Superior Court, Los Angeles County Case Nos. BC 287966 and BC 287535); (iv) claims made on policies issued to third-party dealers and operators of Chevron's petroleum marketing facilities in California where such dealers/operators had a contractual obligation under their dealer contracts to purchase and maintain insurance to cover both the third-party dealer/operator and Chevron (i.e., additional insured); and (v) claims made on policies held by Chevron that were issued by Chevron's captive or mutual insurers. Collectively, the series of past claims, litigation and settlements enumerated in this paragraph is hereinafter referred to as the "Coverage Matters."

I. WHEREAS, separate and apart from the civil liabilities alleged in the Complaint, pursuant to the UST Fund Regulations (Chapter 18 (commencing with section 2803), Division 3, Title 23, of the California Code of Regulations), the SWRCB may pursue an administrative action against a UST Fund claimant to revoke claims, disqualify claims from further participation in the Fund, and recover costs reimbursed to a claimant, where the SWRCB determines that the claimant made a misrepresentation in statements, documents, or certifications contained in or accompanying a claim submitted by the claimant to the Fund.

J. WHEREAS, to avoid the delay, uncertainty, inconvenience and expense of litigation and SWRCB administrative action, and in reliance on the representations contained herein and in consideration of the mutual promises, covenants, and obligations stated herein, the Parties agree as follows:

III. RELEASE AND COVENANT NOT TO SUE

In consideration for the payments required by this Settlement Agreement and for the Recitals set forth in this Settlement Agreement, the Parties enter into a release and covenant not to sue, as follows:

A. Released Parties: For the purposes of this release, the released parties are as follows: (i) Chevron (as defined in the first paragraph of this Settlement Agreement) and (ii) Chevron's officers, directors, representatives, agents, insurers, sureties, future successors and assigns (i.e., successors or assigns occurring subsequent to the Effective Date), receivers, executors, and administrators (collectively with Chevron, the "Released Parties").

B. Consideration; Scope of Release:

1. The AGO and ACRM specifically release, discharge, and covenant not to sue the Released Parties with respect to the cause of action asserted in the Complaint and the alleged illegal conduct asserted in paragraph 65 of the Complaint.
2. The AGO and ACRM specifically release, discharge, and covenant not to sue the Released Parties with respect to any claims or causes of action that were brought or could have been brought by ACRM or the AGO pursuant to the California False Claims Act, Government Code section 12650, et seq. or any other statutory, common law, or other right or theory, relating to (i) any failure by any of the Released Parties to disclose to the UST Fund facts regarding the existence of Insurance Policies or the Coverage Matters; or (ii) past receipt (i.e., one that occurred prior to the date of this Settlement Agreement) by any of the Released Parties of payments from insurers in connection with the Coverage Matters, resulting in a potential "double recovery."

3. The SWRCB specifically releases, discharges, and covenants not to sue the Released Parties with respect to any administrative remedies available to the SWRCB (including, without limitation, recovery of payments made by the Fund to Chevron and revocation, suspension, barring, or disqualification of pending claims to the Fund) regarding the UST Fund Claims on Attachment A relating to (i) misrepresentations of facts regarding the existence of Insurance Policies or the Coverage Matters in documents accompanying the UST Fund Claims; or (ii) past receipt (i.e., one that occurred prior to the date of this Settlement Agreement) by any of the Released Parties of payments from insurers in connection with the Coverage Matters, resulting in a potential "double recovery" for the UST Fund Claims. This release only inures to the benefit of the Released Parties and shall not be construed as a concession or forfeiture of the SWRCB's authority to pursue any available administrative remedy against a claimant identified on Attachment A which is not Chevron. Nor shall this release be construed as conferring by implication estoppel against the SWRCB to pursue any administrative remedy against a claimant identified on Attachment A which is not Chevron. The SWRCB's release shall not be construed to preclude the SWRCB from applying the offsets identified in the SWRCB's Final Staff Decision dated March 12, 1997 to pending and future reimbursements to Chevron UST Fund Claims listed on Attachment A, including but not limited to the previously-assessed off-set for Chevron's UST Fund Claims involved in the *Four Star* Litigation.

C. This Settlement Agreement releases the Released Parties from any claims that arise from or relate to any acts or omissions of the joint ventures between Chevron and Shell Oil

Company known as Equilon Enterprises LLC and Equiva Services LLC (collectively, the "Equilon Joint Venture") that relate to misrepresentations of facts regarding the existence of Insurance Policies or the Coverage Matters in documents accompanying the UST Fund Claims. This Settlement Agreement does not release Shell Oil Company, including but not limited to any subsidiary of Shell currently known by the name "Equilon Enterprises," "Equilon Enterprises LLC," "Equiva Services" or "Equiva Services LLC," from any claims or causes of action.

D. This Settlement Agreement does not release the Released Parties from any past, current or future obligation on the part of the Released Parties to take any corrective action as required by California law, or to submit documents, statements, or certifications as customary and necessary for the Fund to process for reimbursement any pending UST Fund claims.

E. Subject to the Scope of Release described in paragraph III.B, nothing in this Settlement Agreement shall constitute or be construed as a satisfaction or release from liability for any conditions, obligations, or claims arising as a result of past, current, or future acts or omissions by Chevron that are unrelated to matters covered by the Complaint.

F. The Released Parties may submit applications for reimbursement of the costs of corrective action and may recover reimbursements for any pending or future applications to the UST Fund, subject to the applicable rules and regulations governing such applications.

G. This Settlement Agreement shall not be construed to preclude any California State agency, department, board or entity not a party to this Settlement Agreement from independently exercising its authority under any law, statute or regulation as against any Released Party.

H. Subject to the Scope of Release described in paragraph III.B, this Settlement Agreement shall not serve to excuse or release any party from liability for any future act or omission.

IV. GENERAL

A. The settlement of this action is conditioned on approval by the Attorney General of California, which approval was given on June 19, 2013.

B. This Settlement Agreement constitutes the entire agreement and understanding between the Parties relating to the settlement of the Complaint. This Settlement Agreement may be modified or amended only by a writing signed by the Parties and then by order of the Court.

C. No term or condition of this Settlement Agreement shall be deemed to have been waived, nor shall there be an estoppel against the enforcement of any provision of this Settlement Agreement, except by written instrument signed by the party charged with the waiver or estoppel. No written waiver shall be deemed a continuing waiver unless specifically stated therein, and the written waiver of a term or condition as to a specific act or occurrence shall not operate as a waiver of any other term or condition or for any other or future act or occurrence.

D. This Settlement Agreement, and the rights, remedies, and obligations provided for hereunder, shall be construed and enforced in accordance with the laws of the State of California, without regard to choice of law principles.

E. Sacramento County Superior Court shall retain jurisdiction to hear and determine California's motion to approve this Settlement Agreement as set forth in Article II, Paragraph A above, and to enforce this Settlement Agreement.

F. This Settlement Agreement shall be deemed to have been drafted equally by the Parties and any rules of construction to the effect that ambiguity is construed against the drafting party shall be inapplicable in any dispute concerning the terms, meaning, or interpretation of this Settlement Agreement.

G. The Parties represent that they have read this Settlement Agreement, that its terms have been fully explained to them by their attorneys, and that they understand and agree with its terms.

H. Each signatory to this Settlement Agreement represents that he or she is fully authorized by the party he or she represents to enter into this Settlement Agreement, to execute it on behalf of the party represented, and to legally bind that party.

I. ACRM and Chevron expressly waive as to each other their rights under Civil Code section 1542, which states:

A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known to him or her must have materially affected his or her settlement with the debtor.

J. ACRM and SWRCB hereby mutually release and forever discharge each other and their respective agents from any and all matters, claims, complaints, charges, demands, damages, causes of action, debts, liabilities, controversies, judgments and suits of every kind and nature whatsoever, arising out of the same subject matter or occurrence relating to the Complaint and the Settlement Agreement.

K. This Settlement Agreement may be executed in counterparts, each of which shall be deemed an original. Said counterparts shall constitute but one and the same document, and when a copy is signed by an authorized representative of each party, the Settlement Agreement shall be effective as if a single document were signed by all Parties.
