

Attachment 8 – DROPS Letter of Commitment Requirements

All schools/locations included in the Project proposal must submit a Letter of Commitment from a school/location representative for that project area, preferably the school principal. The letter must clearly state a commitment to:

1. Implement the proposed stormwater capture project described in the application;
2. Implement an Operation and Maintenance program to keep the DROPS funded project in service for a minimum of 20 years; and
3. Create an Educational and Outreach opportunity for the benefit of the students that takes advantage of the new stormwater capture project.
