

Comments from Juanita Licata regarding the CWSRF Policy amendment:

The Executive Summary (page v) and the Introduction Section I (page 1) are not consistent.

In accordance with EPA documents the correct language for page v should state:

This Policy was written to implement the 1987 Amendments to the Federal Clean Water Act (CWA), which created the Clean Water State Revolving Fund Program (CWSRF). The CWSRF provides various types of assistance for construction of publicly-owned wastewater treatment works and water recycling facilities, ~~development and implementation~~ of programs to control pollution from nonpoint sources and stormwater drainage, development and implementation of estuary cleanup programs. This Policy covers CWSRF assistance for the construction of wastewater treatment and water recycling facilities.
