

State Water Resources Control Board

TO: Thomas Howard, Executive Director
STATE WATER RESOURCES CONTROL BOARD

FROM: Elizabeth L. Haven, Deputy Director
DIVISION OF FINANCIAL ASSISTANCE

DATE: **SEP 21 2012**

SUBJECT: REQUEST TO AMEND THE CLEAN WATER STATE REVOLVING FUND
(CWSRF) PROJECT PRIORITY LIST (PPL)

Per the *Policy for Implementing the Clean Water State Revolving Fund for Construction of Wastewater Treatment Facilities* (Policy), projects must be on the PPL to qualify for CWSRF financing. The State Water Resources Control Board (State Water Board) adopted the current CWSRF PPL on June 15, 2010. Additional projects were added to the PPL on April 12, 2011 and December 5, 2011. This proposed third amendment to the CWSRF PPL (attached) will add projects with applications currently under review by the Division, which may be approved for financing in the near future. Adding the proposed projects will allow them to qualify for financing.

A public notice was posted on the CWSRF Program web page to inform interested parties of the proposed amendment, and the associated public comment period. No public comments were received.

Comments were also solicited from the Regional Water Quality Control Board (Regional Water Board) Executive Officers. One comment was received as follows:

- Los Angeles Regional Water Board concurred with the proposed list of projects.

The solicitation for comments to the Regional Water Board's indicated that comments must be submitted by September 5, 2012, and that concurrence was assumed if no comments were submitted by the deadline.

Section IV.E.3 of the Policy authorizes the Executive Director to amend the PPL for good cause. Upon approval of this memo, the attached list of projects will be added to the current CWSRF PPL.
