

## State Water Resources Control Board

### NOTICE OF UPDATE OF THE CLEAN WATER STATE REVOLVING FUND (CWSRF) PROJECT LIST

This announcement serves to inform interested parties that the Executive Director of the State Water Resources Control Board (State Water Board) intends to update the CWSRF Project List, in accordance with the authority provided in Section IV.A of the current [Policy for Implementing the CWSRF \(Policy\)](#). The current CWSRF Project List is attached, and may also be viewed on our website at:

[http://www.waterboards.ca.gov/water\\_issues/programs/grants\\_loans/srf/announcements.shtml](http://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/announcements.shtml).

If you prefer a paper copy of the Project List, please contact the CWSRF Program at (916) 327-9978, or [CleanWaterSRF@waterboards.ca.gov](mailto:CleanWaterSRF@waterboards.ca.gov).

Per Section IV.A of the Policy, the Project List is maintained to identify potentially eligible future projects and prioritize the marketing, assistance, and application review efforts of the Division of Financial Assistance (Division). A project must be included on the Project List to be approved for financing per Section XI.A of the Policy. Placement of a project on the Project List does not constitute a commitment to provide financing.

The attached Project List has been sorted into three categories based on application status: (1) "Under Review," (2) "Incomplete," and (3) "Not Submitted." Applications marked "Under Review" are currently under review by the Division, and are expected to be approved for financing in the near future. Projects marked "Incomplete" are missing substantial components such that an application review cannot be completed, but staff anticipates that these applications could be approved for financing within the next four quarters if the missing items are submitted by the applicant. Projects whose application status is "Not Submitted" have not submitted any of the four required application packages to date. Interested parties should note that many of the projects categorized as "Not Submitted" have been on the Project List for several years. It is unclear to Division staff whether the applicants plan to submit applications for financing these projects.

The Policy directs the Executive Director to remove projects from the Project List that have been on the List for at least four consecutive quarters if the applicant has not requested that the project remain on the Project List or has been non-responsive. Therefore, Division staff will recommend to the Executive Director that projects listed as "Not Submitted" on the current Project List be removed unless the applicant requests that the project remain on the CWSRF Project List by the comment deadline below. (Division staff will recommend to the Executive Director that projects listed as "Under Review" and "Incomplete" remain on the Project List.)

Please note that being removed from the Project List at this time does not prevent or slow down future CWSRF financing, and applicants should only request that their projects remain on the List if they plan to submit a complete application within the next six to 12 months. The Executive Director will generally update the Project List quarterly; however, he may also update it more or less frequently as needed. Applicants whose projects are not on the Project List who submit a new application, whether complete or partial, will have their projects automatically added to the Project List on the Executive Director's next update to allow them to receive financing in a timely manner.

CWSRF applications are accepted continuously. The instructions and forms necessary to apply for CWSRF financing can be found at:

[http://www.waterboards.ca.gov/water\\_issues/programs/grants\\_loans/srf/srf\\_forms.shtml](http://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/srf_forms.shtml)

The forms may be submitted on-line through the State Water Board's Financial Assistance Application Submittal Tool (FAAST) at <https://faast.waterboards.ca.gov/>, via email at [cleanwatersrf@waterboards.ca.gov](mailto:cleanwatersrf@waterboards.ca.gov), or on compact disc or hard copy at,
