Project Title: General Waste Discharge Requirements for Discharge to Land By Small Domestic Wastewater Treatment Systems

Project Applicant: State Water Resources Control Board

Project Location (include county): Statewide. See attached.

Project Description:

The State Water Board prepared a General Order for land application of treated wastewater from small domestic wastewater and treatment systems that will be applicable statewide. The General Order will allow a monthly average flow of 100,000 gpd and will allow the use of recycled water consistent with California Code of Regulations (CCR) Title 22. Wastewater treatment systems will vary from septic tanks, activated sludge treatment facilities, to pond facilities. The minimum level of treatment will be determined by requirements of the General Order, Regional Water Board Basin Plans, CCR Title 22, and mitigation measures required by future site-specific CEQA evaluations. The General Order will be used by Regional Water Boards to streamline permitting of small domestic wastewater treatment systems, which typically are relatively low threat to groundwater quality.

This is to advise that the State Water Resources Control Board has approved the above (X) Lead Agency or [] Responsible Agency

described project on 9/23/2014 and has made the following determinations regarding the above described project.

- 1. The project [] will [X] will not have a significant effect on the environment.
2. [] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [X] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [] were [X] were not made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [] was [X] was not adopted for this project.
5. A statement of Overriding Considerations [] was [X] was not adopted for this project.
6. Findings [X] were [] were not made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: State Water Resources Control Board, 1001 I Street, Sacramento CA 95814
