**RE: Comment Letter –Aquatic Animal Invasive Species Control Permit Reissuance**

Dear Ms. Townsend:

Thank you for the opportunity to review and comment on the proposed Aquatic Animal Invasive Species Control Permit reissuance. The San Diego County Water Authority offers the following comment:

Beginning on page C-5, Section IV. C. Determination of Pf CL 145A-S Concentrations in Receiving Waters, the process to quantify receiving water concentrations appears to be specific to direct application to a water body rather than a release of treated water into a water body. Because the application point and method may vary, we request inclusion of an allowance for removal or authorization of an alternative to this process by justified request from the Discharger.

Should you have any questions regarding this letter, please contact me at (760) 233-3252.

Sincerely,

Lisa Israel-Prus  
Supervising Management Analyst
