

Table 2: Timber Regulation and Forest Restoration Fund

**2014-2015 Timber Fund - Recommended Projects List<sup>1</sup>**

| Regional Water Board | FAAST Pin # | Project Title   | Applicant                                       | Timber Fund Requested (\$) | Applicant Match (\$) | Cumulative Award (\$) |
|----------------------|-------------|---|---|----------------------------|----------------------|-----------------------|
| 1                    | 32144       | Elk River Sediment Remediation Pilot Implementation Projects        | California Trout, Inc.                          | \$638,557                  | \$0                  | \$638,557             |
| 5                    | 32672       | Battle Creek Watershed Based Plan                                   | Battle Creek Watershed Conservancy              | <b>\$997,387</b>           | \$279,900            | \$1,635,944           |
| 5                    | 32379       | Ponderosa Way Road Assessment and Sediment Reduction Plan (Phase 1) | Resource Conservation District of Tehama County | <b>\$392,670</b>           | \$0                  | \$2,028,614           |
| 1                    | 32258       | Large Wood Augmentation Projects in the Mendocino Hydrologic Unit   | Trout Unlimited - North Coast Coho Project      | \$569,005                  | \$324,000            | \$2,597,619           |

1. Selected concept proposals for Timber Fund only projects will be invited directly into the grant agreement development process. In this case, State Water Board Executive Director approval may occur prior to May 2016.

**2015-2016 Timber Fund Concept Proposals Invited to Submit a Full Proposal**

| Regional Water Board | FAAST Pin # | Project Title   | Applicant  | Timber Fund Requested (\$) | Applicant Match (\$) | Cumulative Award (\$) |
|----------------------|-------------|---|--|----------------------------|----------------------|-----------------------|
| 1                    | 32686       | Sugar Creek Road Sediment Treatment Project   | Northwest CA Resource Conservation & Development Council - 5C Program                      | \$363,061                  | \$6,369              | \$363,061             |
| 1                    | 32644       | Jackson Demonstration State Forest Roads 200 & 240 Sediment Reduction Project               | California Department of Forestry and Fire Protection - Jackson Demonstration State Forest | \$298,385                  | \$100,525            | \$661,446             |
| 1                    | 32402       | Mendocino Coast TMDL Implementation Program   | Mendocino County Resource Conservation District  | \$800,000                  | \$267,000            | \$1,461,446           |
| 5                    | 32379       | Ponderosa Way Road Assessment and Sediment Reduction Plan (Phase 2)                         | Resource Conservation District of Tehama County  | <b>\$392,670</b>           | \$0                  | \$1,854,116           |
| 5                    | 32676       | Post-Fire Response to Forest Management: Mitigations for Improved Water Quality Performance | California Department of Forestry and Fire Protection - Watershed Protection Program       | <b>\$162,000</b>           | \$56,700             | \$2,016,116           |
| 5                    | 32335       | Roadside Fuel Reduction   | Yuba County Public Works   | \$300,000                  | \$300,000            | \$2,316,116           |
| 5                    | 32539       | Upper Sacramento Headwaters Forest Stewardship  | Shasta Valley Resource Conservation District   | \$534,400                  | \$0                  | \$2,850,516           |
