NOTICE OF PUBLIC SCOPING MEETING

PROPOSED REVISIONS TO THE TOXICITY CONTROL PROVISIONS IN THE POLICY FOR IMPLEMENTATION OF TOXICS STANDARDS FOR INLAND SURFACE WATERS, ENCLOSED BAYS, AND ESTUARIES OF CALIFORNIA

Tuesday, January 17, 2006, 10:00 a.m.
Coastal Hearing Room – Second Floor
Joe Serna, Jr. Cal/EPA Headquarters Building
1001 “I” Street, Sacramento, CA 95814

NOTICE IS HEREBY GIVEN that the Division of Water Quality (DWQ), State Water Resources Control Board (State Water Board) staff will hold a California Environmental Quality Act (CEQA) scoping meeting to seek input on the scope and content of the environmental information that should be considered in the planned revisions of the Toxicity Control Provisions in the Policy for Implementation of Toxics Standards for Inland Surface Waters, Enclosed Bays, and Estuaries of California (SIP).

The purpose of the scoping meeting is to provide a forum for early public consultation on the development of planned revisions to the Toxicity Control Provisions in the SIP. Scoping is helpful to the State Water Board staff in identifying the range of actions, alternatives, mitigation measures, and significant environmental effects to be analyzed prior to the decision making process. Scoping has been found to be an effective way to bring together and resolve the concerns of affected federal, State, and local agencies, and other interested persons including those who might not be in accord with the action on environmental grounds.

AVAILABILITY OF THE PROPOSED REVISIONS

The informational scoping document on the proposed item may be obtained via the Internet on the State Water Board Web site at <http://www.waterboards.ca.gov/iswp> You may also receive a copy by writing Regina Linville, Division of Water Quality, State Water Resources Control Board, 1001 I Street, Sacramento, CA 95814, or by contacting Ms. Linville at (916) 341-5579, email: rlinville@waterboards.ca.gov.
