Subject: Malibu Civic Center septic ban by State Water Resources Control Board

Jeanine Townsend
Clerk of the Board
State Water Resources Control Board
1001 I Street
Sacramento, CA 95814-2828

Please allow all testing to proceed to find the real cause of the pollution in Malibu Creek. All testing data must be analyzed before a decision or ban can be made on the septic issue. There are many other ways to mitigate the septic issue than an outright ban. We must seek all options and alternatives.

Thanks, Jonathan Kaye
