Subject: Claim # 14996 Pilapil Arco Station

We received comments from Orange County Health Care Agency on April 23, 2013 (the 59th day of the 60 day comment period). Their comment was that we should withdraw our closure package because they had completed a review of the Case and had sent a Closure Package to Region Water Board on April 23, 2013, for concurrence.

John Russell recommended for the State Board proceed with closure.
