

Keys to Securing Brownfields Funding: Learn How to Access Funding for Brownfields and Environmentally Impacted Properties in Your Community

You will hear from US Environmental Protection Agency, California Department of Toxic Substances Control, and State Water Resources Control Board experts about their respective grant guidelines. Topics to be covered include: Applicant and Site Eligibility Criteria; Application Steps; and Success Stories; with a special presentation on Case Studies of successful applicants and grantees who have used funding from multiple sources. Additionally, agency representatives will make themselves available after the formal presentations for appointment-only one-on-one sessions for those with specific questions about their particular sites and situation. If you would like to register for a one-on-one session, please check the appropriate box below. These limited sessions will be scheduled on a first come, first serve basis and time slots will be assigned during the check-in process.

Workshops will begin with check-in from 8:30 AM to 9:00 AM; presentations will run from 9:00 AM to 11:00 AM. Appointments for one-on-one sessions will begin at 11:30 AM.

Click [here](#) to be automatically included in future Brownfield Funding notices.

To Register:

Complete this registration form and return it as an e-mail attachment to fundingworkshop@dtsc.ca.gov. You can expect a confirmation e-mail within 2-5 business days.

Early registration ensures attendance at your desired location and ensures that presentation materials will be made available electronically prior to the workshop. Hard copies will not be provided at the sessions. If you have any special needs or require special accommodations, please contact Ian Waters 916-323-7905 or e-mail at iwaters@waterboards.ca.gov

For more information contact:

Maryam Tasnif-Abbasi at mtasnif@dtsc.ca.gov or
Ian Waters at iwaters@waterboards.ca.gov
