State the "Urgent Need" (Water Code 1435(c)) that is the basis of this temporary urgency change petition (attach additional information as necessary):  This petition is urgent because LADWP needs to continue the existing variance uninterrupted for one year in order to test operational feasibility of the recommendation of the Synthesis Report. recommendations. This urgently has to be done before the SWRCB makes final determination and amends LADWP licenses for the future. See Attachment "A" for detail Operational Plan.

If the point of diversion or redirection is being changed, is any person(s) taking water from the stream between the old point of diversion or redirection and the proposed point? Not Applicable (yes/no)

Are there any persons taking water from the stream between the old point of return flow and the new point of return flow? Not Applicable (yes/no)

If yes, give name and address, as well as any other person(s) known to you who may be affected by the proposed change.

I (we) consulted the California Department of Fish and Game concerning this proposed temporary change. Yes (yes/no)

If yes, state the name and phone number of the person contacted and the opinion concerning the potential effects of your proposed temporary urgency change on fish and wildlife and state the measures required for mitigation.
