

State Water Resources Control Board

NOTICE OF PETITION FOR TEMPORARY CHANGE INVOLVING THE TRANSFER OF UP TO 10,000 ACRE-FEET OF WATER FROM NORTH SAN JOAQUIN WATER CONSERVATION DISTRICT TO TULARE LAKE BASIN WATER STORAGE DISTRICT UNDER PERMIT 10477 (APPLICATION 12842)

On July 5, 2018, North San Joaquin Water Conservation District (NSJWCD) filed with the State Water Resources Control Board, Division of Water Rights, a petition for temporary change to water right Permit 10477, requesting to transfer water pursuant to Water Code sections 1725, et seq. With the petition, NSJWCD seeks authorization to temporarily transfer up to 10,000 acre-feet of water previously collected to storage in Camanche Reservoir to the Tulare Lake Basin Water Storage District (TLBWSD) for irrigation purposes. NSJWCD also requested the transferred water be dedicated for instream use in the Mokelumne River pursuant to Water Code section 1707.

The proposed transfer would include the following changes to Permit 10477: (1) add the State Water Project's Harvey O. Banks Pumping Plant as a point of rediversion, and (2) add the TLBWSD's service area boundary as an additional place of use.

NSJWCD's petition for temporary change and related project information can be viewed at: http://www.waterboards.ca.gov/waterrights/water_issues/programs/applications/transfers_tu_notices/index.shtml

Pursuant to California Water Code section 1726(f), any interested party may file a comment regarding the petition. **Comments filed in response to this notice should be submitted to the persons listed below and must be received by 4:30 p.m. on August 15, 2018.**
