Subject: Bay-Delta Workshop Panels

The Golden Gate Salmon Association would like to participate in the second of the three workshops, particularly on day two in the discussion regarding salmonids. I would like to register myself, along with Zeke Grader from the Pacific Coast Federation of Fishermen's Associations. We would like to be on a panel with Dick Pool (already registered via email) to discuss: 1. the GGSA salmon plan; 2. the need to identify other types of planning and alternative water sources outside the Delta for other beneficial uses; 3. the importance of salmon and flow requirements to support them.

Thank you for your consideration.
