

STATEMENT OF QUALIFICATIONS

Lee W. Miller

Education: Elizabethtown College (PA), B.S., Biology,
June 1960.

University of Delaware, M.S., Biology,
June 1963.

Employment: California Department of Fish and Game,
June 1963 to present (August 1987).

Project Leader on studies of adult and young striped bass since 1966. This work has included tagging studies to estimate abundance, mortality rates, and migration patterns of adult bass (1966-1971), and surveys to determine factors affecting abundance, distribution, and mortality of young striped bass (1971-1987).
