Subject: Participation in Enforcement Policy Development
Date: Thursday, February 21, 2019 6:09:20 AM

Hello –

I am interested in participating in the development of the water rights enforcement policy. My position as a qualified hydrologist for a public utility that manages numerous water rights as well as my association with a pre 1914 water right on my own property gives me a unique breadth of experience. I have volunteered and assisted several other water rights holders with installing measurement systems, and I have seen the perspective of these folks when faced by SB88 requirements and non-compliance notifications.

Please feel free to contact me if I can be of any assistance with policy development.

Regards

Derrick Tito
