Subject: Courtesy Notice of Postponement - Phyllis Brooks
Date: Wednesday, January 30, 2019 3:17:34 PM

Good Afternoon Gentlemen,

Your hearing and the deadline for receipt and service of witnesses' proposed testimony, exhibits, lists of exhibits, qualifications, and statement of service described in the Notice of Public Hearing are **POSTPONED**, pending completion of settlement negotiations. If the settlement negotiation is fruitful and the State Water Board's Executive Director approves of the settlement agreement, then the hearing will be cancelled. Please note that the forthcoming official Notice of Postponement will require a status update of the settlement negotiation by March 11, 2019.

We do not have any means to communicate with Mr. Dave Roorda (Mr. Brook's contact person) electronically; we are working to notify Mr. Roorda of the postponement via mail as soon as possible. Please allow some process time for the official Notices of Postponement to be issued. If you have any questions regarding the postponement of your hearing, please feel free to contact me.

Lisa Hong, E.I.T.

Water Resource Control Engineer
Division of Water Rights, [Hearings Unit](#)
