---

Good Afternoon Ladies and Gentlemen,

Your hearing and the deadline for receipt and service of witnesses' proposed testimony, exhibits, lists of exhibits, qualifications, and statement of service described in the Notice of Public Hearing are **POSTPONED**, pending completion of settlement negotiations. If your settlement negotiation is fruitful and the State Water Board's Executive Director approves of your settlement agreement, then your hearing will be cancelled. Please note that the forthcoming official Notice of Postponement will require a status update of your settlement negotiation by March 11, 2019.

Please allow some process time for the official Notices of Postponement to be issued. If you have any questions regarding the postponement of your hearing, please feel free to contact me.

**Lisa Hong, E.I.T.**

Water Resource Control Engineer  
Division of Water Rights, [Hearings Unit](#)
