Clerk to the Board State Water Resources Control Board
PO Box 100
Sacramento, CA 95812-0100

I  Daniel Brito urge the State Water Resources Control Board to approve the draft recommendation to find that the Kern River is not fully appropriated and to support the City of Bakersfield's application to run the unappropriated water down the historic Kern River Channel

Running the water in the riverbed will
Restore our aquifer, which has been dangerously depleted
Restore the natural flora and fauna
Provide recreation
Create a more inviting, aesthetically pleasing city
