---

Dear Jeanine -

I'm writing you this to show my support for getting our water back in the dry Kern River bed that runs smack in the middle of town with the 99 Freeway running right across it. We have thousands of guests using this route on a daily basis who are forced to see this blight, making a poor impression on ourselves here in Bakersfield.

Please, let the water run free again, thus bringing back the wildlife and the indigenous plants that have lay dormant all these years. This will also allow our citizens to enjoy the cool water in the safe section of the river, instead of visitors and locals traveling up the canyon and getting into the more dangerous waters.

Sincerely,  
Marie Crochet
