Mr. Lindsay,

Thank you for this information. Could you also please send me a copy of the report you prepared following your May, 2005 visit to the dam and diversion pipe. I am particularly interested in any pictures that you may have of the dam at that time.

The materials can be sent to me either via email at this address: bertsandell@earthlink.net or to my home address:

Thank You & Best Regards,

Subject: Vineyard Club ACL & CDO

Mr. Sandell,

Per our phone conversation this afternoon, I've attached a copy of the attorney list found on the Division's website. These attorney's have asked to be listed. An attorney is not required to participate in a hearing before the State Water Resources Control Board. Further information about hearings is available on our website at www.waterrights.ca.gov

If you have any further questions about this matter, I would prefer you call John O'Hagan at (916) 341-5368 or Mark Stretars at (916) 341-5389. Mark Stretars is listed as the contact in this matter on the cover letter for the ACL and CDO, and he supervised me in the enforcement process. Mr. O'Hagan supervises Mark Stretars and is in charge of the Enforcement Section.

As I stated in our conversation, you need to follow the process as described in the Administrative Civil Liability and the draft Cease and Desist Order. Some of your questions indicated to me that you were looking for an alternate way to settle this matter without a hearing. I suggest you discuss this with Mr. O'Hagan.

Thanks,

Larry
