Subject: REQUEST TIME EXTENSION: DRAFT POLICY - AB21212

State Water Resources Control Board
Jeanine Townsend, Clerk to the Board

As members of the Sea Ranch Association we express grave concern over the proposed policy developed by the staff in response to AB2121.

Given the potential serious implications for our community in Sonoma County, we urge the Board to extend the comment period and in the meantime arrange for hearings or workshops in accessible locations so that the views of our community can be heard and adequately taken into account.

The livelihood and wellbeing of many residents are at stake and we therefore trust that the your Board will give fair and thoughtful consideration to our request.

Thank you.

Geoffrey and Irene Heller
