Subject: AB2121 Policy

Dear Members,

I own a house at Sea Ranch and am concerned about the SWRCB staff-recommended proposed policy.

Limiting the river diversion season to December 15 - March 31 and require the huge flows that would have to be about 10 times greater than the current permitted policy (Term 14 of the Sea Ranch Water Diversion permit) would have a very negative impact on The Sea Ranch.

It could leave The Sea Ranch without water supply for days or even months each year.

Please consider this carefully.

Karlene Paufler
