Subject: AB2121

I am writing to you as a homeowner at The Sea Ranch (CA95497). The impact of AB2121 on this community threatens to be devastating. There are few communities in our state that are as environmentally aware and water conservation conscious as The Sea Ranch. Please consider the request of our residents to extend the comment period for at least ninety days so that a full and clarifying exchange can take place between the Board and all the California residents who will sustain the stunning impact of this proposed regulation.
Thank you for attending to this communication.

Mary Boyvey
35556 Timber Ridge Road
The Sea Ranch CA 95497
