I support the ***full removal of the lower four Klamath River dams***. I have friends and co-workers who are members of the Yurok tribe, and the dams have negatively impacted their lives and culture. The dams have also damaged the lives of a lot of the fishing families I know in our region. If the salmon begin to thrive, then all of our people will as well. I'm worried about our future on the northcoast. Please remove the dams.
