Mr. Kyler:

Please pay attention to the people (Pinecrest Lake cabin owners represented by Friends of Pinecrest) who pay attention to these issues. We are just a couple of oars in the same boat looking out for rocks that show up too early in the year. Make sure that the recreational feature of this lake remains recreational to a fair and reasonable extent.

Unlike the people at PG&E who do this for a living, we just do it for pleasure - recreational pleasure. Don't screw up our pleasure.
