Sacramento, CA 95812-2000

Dear Mr. Parks:

As a customer of TUD and of the community of Tuolumne County, I am in strong support for the Mitigated Negative Declaration of PG&E's Pinecrest Lake level Modification Project that proposes that PG&E be allowed to lower the surface elevation of Pinecrest Lake, until and including Labor Day each year, from the current level.

It seems reasonable to me, that people having drinking water should be the priority of this issue and hope common sense should prevail. Please do the right thing for the people of Tuolumne County.
